

2026 ACDA Western Region Conference

March 4–7 | San Jose, CA

READING SESSION APP INSTRUCTIONS

J.W. Pepper and ACDA strongly recommend downloading the Reading Session app and accessing all digital session materials using the unique Event Codes prior to the start of the session. This will ensure quick and easy access to the music at the beginning of the session and avoid potential download problems.

STEP 1

Download the Reading Session app on your mobile device by scanning the QR code or visit readingsession.com on your desktop.

STEP 2

Fill out the form including the unique event code for the session materials you want to access. To access another session, click the menu icon in the top left corner and select "Connect to New Event."

STEP 3

Click **CONNECT** to download the music. Do not change screens or close the app until the download is complete. Download times may vary.

You will be able to view the music for the 2026 ACDA Western Region Conference session in your "Active Events" until March 27, 2026. After that time, your sessions will be listed in your "Expired Events" and you will only be able to view the title list for each session.

EVENT CODES

Use the Event Codes below to access the 2026 ACDA Western
